

Confession Poster and Viewer Time-Waster

Scenario: You've noticed that some students not only read confession pages but also spend time crafting confessions or checking if their confession has been posted. This program helps these students reflect on the time they spend by assessing both the time they spent reading and writing on confession pages.

- **Task:** Write a program that asks the student for:
 - **Time spent reading** confession posts (in minutes).
 - **Time spent writing** a confession post (in minutes).

The program should then:

- Calculate the **total time** spent on confession pages (reading + writing).
- Display a message based on the total time:
 1. **If the total time is more than 2 hours (120 minutes):** Show a strong warning message, pointing out how much time they're wasting.
 2. **If the total time is between 1 hour and 2 hours (60-120 minutes):** Show a reminder message, encouraging them to control the time they spend on confession pages.
 3. **If the total time is less than 1 hour (under 60 minutes):** Show a supportive message praising their time management.
- **Roman Urdu Messages:**
 - **For over 2 hours spent (more than 120 minutes):**
 - "Oye! 2 ghante se zyada confessions mein laga diye? Itna waqt barbaad! Socho agar yeh 2 ghante parhai ya skill seekhne mein lagate to kidhar pohanch gaye hote! Zindagi mein kuch bara karna hai toh yeh confession waghera chor do, aur apne goals par focus karo!"
 - **For 1 to 2 hours spent (between 60 and 120 minutes):**
 - "Abey yar, 1 se 2 ghante confessions par lagana thoda zyada ho gaya na? Dekho, thora socho kya yeh waqt waqayi mein tumhe agay leke ja raha hai? Zindagi mein aise activities ka balance rakhna seekho, warna regret ho ga baad mein!"
 - **For under 1 hour spent (less than 60 minutes):**
 - "Wah bhai, kamal kar rahe ho! Sirf thori der mein confessions check kar liya, aur phir apne kaam par wapas lag gaye. Isi tarah focus rakho, tum bahut agay jao ge. Parhai aur apne goals pe dhyan rakho, shabash!"
